CAREER OBJECTIVE

I desire to work in a competitive environment where I can leverage my analytical, interpersonal, and organizational skills to achieve solutions. I emphasize the importance of contributing to the organization's growth while enhancing my own skills. This showcases my commitment to both personal and professional development within the context of organizational success.

EDUCATION

STREAM	NAME OF THE INSTITUTION	BOARD	PERFORMANCE %	YEAR OF PASSING
Bachelors of Engineering in Electrical and Electronics Engineering	Sree Dattha Institute of Engineering and Science	Jawaharlal Nehru Technological University	67.21	2023
Diploma in Electrical and Electronics Engineering	TRR college of Technology	State Board of Technical Education and Training	78.54	2020
10th	Ushodaya High School	Board of Secondary Education	8.5	2017

PROFESSIONAL EXPERIENCE

Full stack Developer Intern (9 Months) at Recordent Technologies Pvt. Ltd.

- Developed and deployed a **robust notification system** integrating **Email, SMS, and WhatsApp**, increasing user engagement through multi-channel communication.
- Optimized frontend performance with **lazy loading** and **video asset offloading to Azure Blob Storage**, reducing initial load times and enhancing scalability.
- Designed and implemented promotional features including **dedicated offer pages** and a **"Refer and Earn" system**, resulting in increased referral traffic and user retention.
- **Revamped the subscription journey** with a smooth, stage-wise flow and built an **instant reminder system**, improving conversion rates and user experience.
- Played a key role in building the **React Native Android mobile application from scratch**, contributing to **low-level design**, architecture, and end-to-end feature development.
- Implemented **AES encryption across critical modules** to ensure **secure data handling**, aligning the system with **data protection and compliance best practices**.
- Collaborated in an **Agile team environment**, participating in daily standups, sprint planning, and code reviews to ensure consistent delivery and high code quality.

Key Skills Developed:

- **Technical Skills:** Angular, Typescript, Node.js, React, MySQL, RESTful Apis, Continuous Integration, Azure Blob Storage, lazy loading, notification automation
- **Soft Skills:** Problem-solving, collaboration, UI/UX optimization, time management

TECHNICAL PROFILE

- Programming Languages : Node.js, Java
- Web Technologies : HTML, CSS, JavaScript, Angular, React.js (React Native Currently exploring and implementing in Project)
- Database software's : MySQL, Oracle
- Cloud : Azure fundamentals [AZ-900] (Currently exploring)
- Web Servers : Apache Tomcat
- Frameworks : Express, Bootstrap, Spring (awareness)
- Development Tools : Postman, Maven, Junit
- Version Control : Git-hub

STRENGTHS

- Good communication and interpersonal skills
- Good Team Player
- Hard work is always promised
- Self-motivated
- Continuously exploring new technologies in market.

LANGUAGES KNOWN
